

Subject: A heartfelt thank you – and a look at what we built together

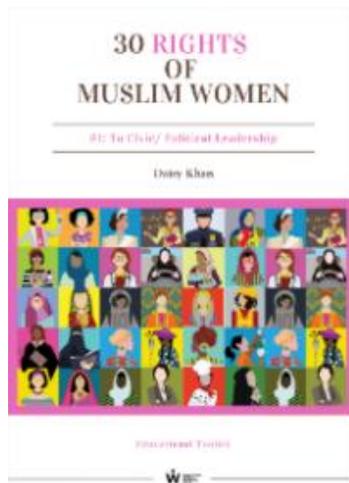

Dear WISE Community,

As this year comes to a close, we want to express our sincere gratitude to you. Whether you've been a donor, a steadfast follower, or a passionate ally, your belief in our mission is what fuels this work, and we are so grateful you're part of this journey.

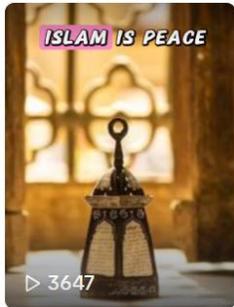

Look what we have been able to build together! We launched the ***Wise Women with Daisy Khan*** podcast, creating a new platform to challenge Islamophobia and amplify Muslim voices. We built it on foundations many helped create, transforming content from our **WISE Up** book and **30 Rights of Muslim Women** into dynamic conversations that reach people where they are today.

This collective energy allowed us to do more than just produce a podcast. It empowered us to turn that content into a suite of powerful educational tools:

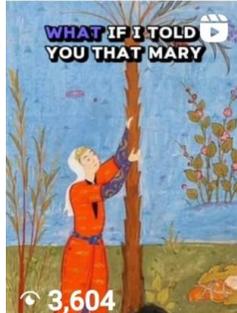

- **Women's Rights Toolkits**
- **Anti-Muslim Bias Training** for K-12 teachers, with ready-to-use lesson plans
- **Islamophobia Training** for corporations, universities, and more

This shift to meet people everywhere, from social media feeds to classrooms to work places, has been transformative. In just over seven months, our podcast episodes and videos across TikTok, Instagram, YouTube, and Facebook have been viewed over **half a million times**.

TikTok

Instagram

YouTube

Facebook

Want to see (and hear) the impact? We invite you to listen to a clip from one of our podcast episodes [here](#).

And this is only the beginning. In the coming year, with you beside us, we plan to:

- **Expand the podcast** to further clarify the true position of Muslim women.
- **Interview Notable American Muslims.**
- **Deepen interfaith conversations** that highlight our shared values.

To sustain and grow this entire ecosystem of education and allyship, **we need your continued involvement.**

Here's how you can help us reach even more people in 2026:

1. **Consider making a year-end donation.** Your financial support directly funds our podcasts, trainings, and outreach. [DONATE HERE](#) To send a check [click here](#) for details or call (551) 312-9978.
2. **Amplify our work.** Share a podcast episode you love, follow us on social media, or tell a friend about our resources.
3. **Engage.** Use our toolkits, refer us to others, or bring Islamophobia training to your workplace.

No matter how you choose to support, you are a crucial part of building a more understanding world.

With gratitude and hope,

The WISE Team

P.S. If you'd like to hear directly about the impact of this work, [[click here](#) for a few short testimonials]. Thank you for being the heart of this community.
